ABOUT US

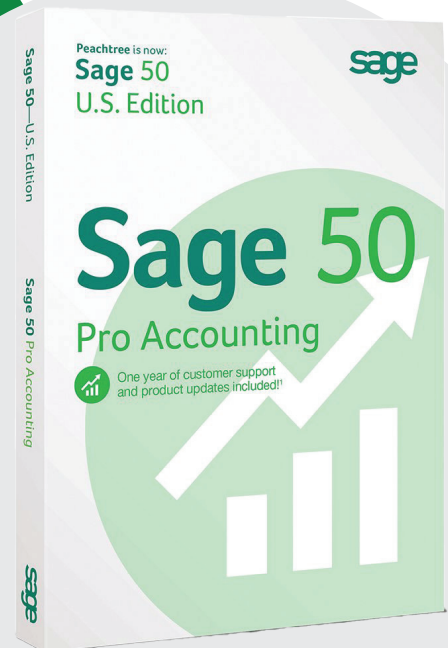

CROWN WORLDWIDE GROUP (IT Solutions) is a professional IT Solutions company providing a full range of IT & Support services, including Accounting, Financial, Stock, Project Costing, HR and management consultancy. We aim to establish long-term customer relationships based on trust and a commitment to producing best design and programming.

Our team is comprised of the most talented, skillful and experienced designers and developers in the field. We deploy the most advanced web tools. And we continue to learn and grow as a team and as individuals.

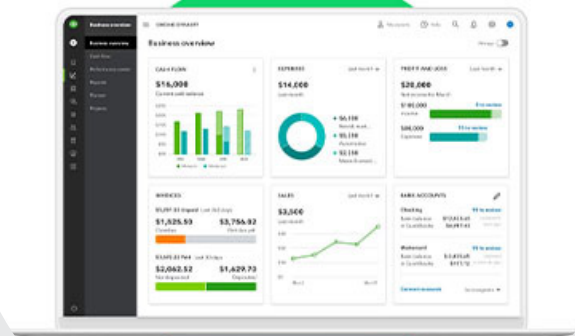

1. Sage 50

Sage, formerly known as Peachtree Accounting, has been a trusted partner for small businesses for over 41 years. We are deeply committed to the success of your business and offer tailored accounting solutions that empower you to effectively build and manage your company. Our comprehensive suite of services is designed to support you every step of the way, ensuring your business thrives in today's competitive landscape.

2. Quickbooks

QuickBooks is an accounting software package developed and marketed by Intuit. First introduced in 1983, QuickBooks products are geared mainly toward small and medium-sized businesses and offer on-premises accounting applications as well as cloud-based versions that accept business payments, manage and pay bills, and payroll functions

3. Cbs Admin & HR

The HR Solutions include maintaining employee details and their attachments, tracking attendance, managing leave pay, and calculating indemnity. The Office Asset system encompasses various assets, such as vehicles, office equipment, computers, and software, along with their specifications. Document Management involves uploading company and employee-related documents. Additionally, the system enables assigning tasks to employees and tracking their progress.

Our Services

At CWG - IT Solutions, we are committed to providing a comprehensive range of services that empower organizations in Kuwait to thrive and achieve their goals. With our expertise and dedication to excellence, we offer a diverse set of services designed to meet the specific needs of businesses in today's dynamic landscape.

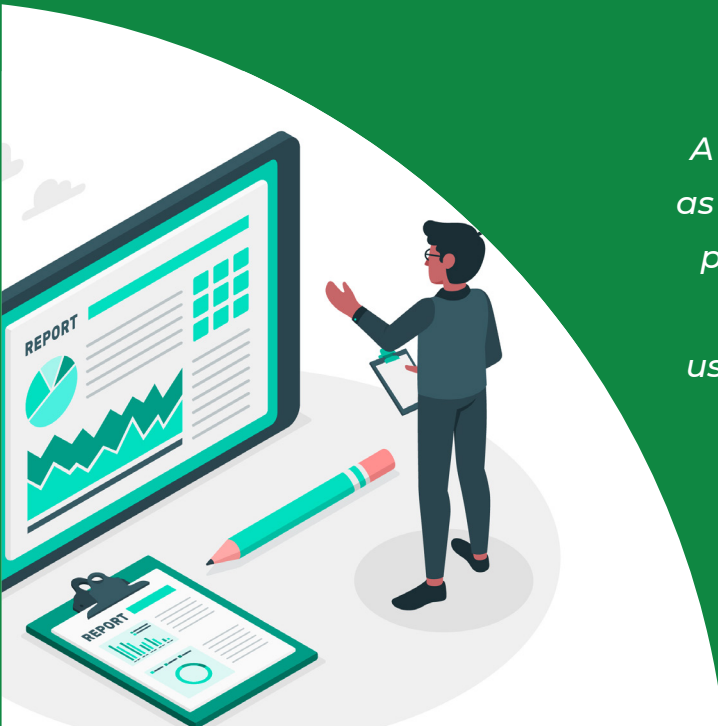

Management Consultancy

A management consultant provides external advice for organizations that require specialist expertise or an objective outside perspective on their business. Management consulting is the practice of providing consulting services to organizations to improve their performance or in any way to assist in achieving organizational objectives.

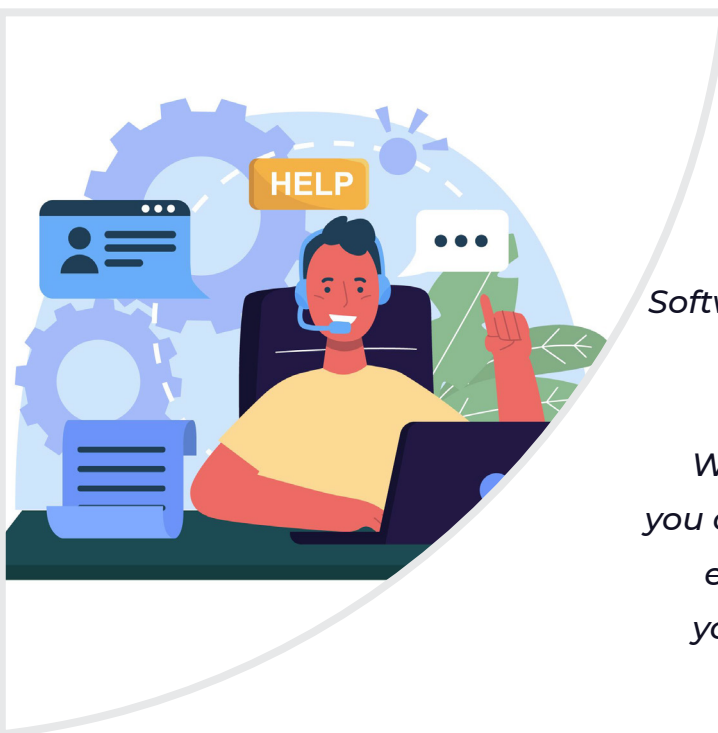

Business Information Report

A Business Information Report, also referred to as a Credit/Risk Report is an overview of a company's legal, operational, and financial profile with a rating and credit limit. Reports are usually used by credit insurance underwriters/-credit managers and anyone who wishes to perform a background check on a company.

Software Support & Services

Software support services are generally technical support or break/fix services that are delivered for specific software products. We support all our products, wherever you are, you can count on us. Our certified technician and engineers are here to support you and to help you to have peace of mind. Relax and focus on your job.
